

River Herring Technical Expert Working Group

Habitat Subgroup

Co-Chairs: Alison Bowden and Jeffrey Pierce

ASMFC/NOAA Fisheries Support Staff: Ashton Harp

Updated July 19, 2016

<i>First Name</i>	<i>Last Name</i>	<i>Affiliation</i>	<i>Expertise</i>
Mary	Andrews	NOAA Restoration Center	Environmental engineer
Trevor	Avery	Acadia University	Stewardship, Biostatistics
Michael	Bailey	U.S. Fish and Wildlife Service	Fish biologist
Ed	Bassett	Passamaquoddy Tribe	Indigenous knowledge
Tim	Brush	Normandeau Environmental Consultants	Fish Passage
Alison	Bowden	The Nature Conservancy	Aquatic ecologist
Theodore	Castro-Santos	U.S. Geological Survey	Fish passage
Dave	Coughlan	Normandeau Environmental Consultants	Landlocked populations
Kim	de Mutsert	George Mason University	Fish ecology
Phil	Edwards	Rhode Island Division of Fish and Wildlife	Restoration/monitoring

Ben	Gahagan	Massachusetts Division of Marine Fisheries	Diadromous fish
Steve	Gephard	Connecticut DEEP Inland Fisheries Division	Behavior, Restoration
Carolyn	Hall	Independent Researcher	Historical Marine Ecology
Ashton	Harp	Atlantic States Marine Fisheries Commission	Fishery management
Lisa	Havel	Atlantic States Marine Fisheries Commission	Habitat Protection, Restoration
Eric	Hilton	Virginia Institute of Marine Science	Population monitoring
Paul	Jacobson	Electric Power Research Institute	Fish passage
Dan	Kircheis	NOAA Fisheries Greater Atl. Regional Fisheries Office	ESA, diadromous fish
Peter	Kube	U.S. Army Corps of Engineers, Norfolk District	Habitat & Permitting
Wilson	Laney	U.S. Fish and Wildlife Service, Southeast Reg. Office	Fisheries ecology
Benjamin	Lenz	New York Power Authority	Fish passage
Karin	Limburg	State University of New York	Fisheries ecology
Martha	Mather	Division of Biology, Kansas State University	Fish ecology
Jeremy	McCargo	NC Wildlife Resources Commission	Monitoring, stocking & passage
Sean	McDermott	NOAA Fisheries Greater Atl. Regional Fisheries Office	Fish passage/management

Steve	McIninch	Virginia Commonwealth University	Fish ecologist
Eric	Nelson	U.S. Environmental Protection Agency, Region 1	Habitat impacts
Matthew	Ogburn	Smithsonian Environmental Research Center	Estuarine ecology
Michael	Piehler	University of North Carolina Chapel Hill	Water quality
Jeffrey	Pierce	Alewife Harvesters of Maine	Fisheries, habitat
Darren	Porter	Commercial fishing representative	Fisheries, habitat
Robert	Richter	Brookfield Renewable Energy Partners	Fish passage
Fritz	Rohde	NOAA Fisheries Southeast Regional Office	Fish biologist
Roger	Rulifson	East Carolina University	Water Quality, Fish Ecology
Eric	Schultz	University of Connecticut	Ecology Physiology
Kevin	Sullivan	New Hampshire Fish & Game Department	Passage/management
Drew	Trested	Normandeau Environmental Consultants	Migration & passage
Tara	Trinko Lake	NOAA Fisheries Greater Atl. Regional Fisheries Office	ESA, diadromous fish
Jim	Turek	NOAA Restoration Center	Passage restoration
Sara	Turner	NMFS Narragansett Lab	Stock identification
Robert	Vincent	MIT Sea Grant College Program	Coastal ecology

Alan	Weaver	Virginia Department of Game and Inland Fisheries	Fish passage, species monitoring
Theo	Willis	University of Southern Maine	Socio-ecological research
Karen	Wilson	University of Southern Maine	Aquatic ecology/ Life histories

Note: Additional Council and Atlantic States Marine Fisheries Commission affiliations of subgroup members can be found on the River Herring TEWG roster found at: <http://www.nero.noaa.gov/protected/riverherring/tewg/index.html>
