No cash, personal, or corporate checks will be accepted.

If tax exempt, please complete and return a tax exemption form for your state of residence.

C Signature _____ Date _____

The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et. seq.). The information will be used to manage the American lobster fishery. One of the regulatory steps taken by us is to carry out its conservation and management objectives in limiting fishing vessel effort. The purpose and use of the lobster trap tagging program is to provide identification of trap ownership and to limit the number of traps for those vessels that fish traps by issuing lobster trap tags, with a maximum number of tags for each vessel. This assures consistency throughout the fleet of affected vessels. In addition, it allows us to determine the number of traps in use in the fishery to better monitor fishing effort in the future.

The public reporting burden for the collection of information is estimated at 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The public burden for using this form to order additional trap tags is estimated at 2 minutes. Send your comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Kim Damon-Randall, Deputy Regional Administrator, Greater Atlantic Region, NMFS, 55 Great Republic Drive, Gloucester, MA 01930-2298.

In spite of any other provision of law, no one is required to respond to, or be subject to, the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number.
