*Kept based on dealer electronic reports if available, otherwise vessel monitoring system (VMS) catch reports. VMS catch reports proportioned to dealer equivalent weight based on 2007 data: reported yellowtail kept: 1.07; reported limited access scallop: 1.00; reported limited access general category scallop: 1.00

These data are the best available to NOAA's National Marine Fisheries Service (NMFS) when this report was compiled. Data for this report are supplied to NMFS from the following sources: (1) vessels via the Vessel Monitoring System, (2) dealers via Dealer Electronic Reporting, and (3) the Northeast Fisheries Observer Program. Data may be preliminary. Discrepancies with previous reports are due to corrections made to the database.

NOTE: The Nantucket Lightship Access Area closed on 1/31/2011. As of 3/2/2011, 266 limited access vessels reported a scallop catch of 6,129,214 lbs from 412 limited access trips, including compensation trips, into the Nantucket Lightship Access Area.
