Notice

Final 2010 skate fishery specifications have not been finalized. The final rule implementing 2010-11 Final Skate Fishery Specifications will establish 2010 quotas for the skate bait fishery and the skate wing fishery. All skate landings that accrue from May 1, 2010, until the date of implementation of these final specifications will count against the respective skate wing and bait quotas for 2010. The 2009 skate wing and skate bait possession limits remain in effect until the final rule implementing 2010-11 Final Skate Fishery Specifications is effective.
