Additionally, effective November 28, 2011, the annual skate bait quota increases to 15,923,991 lb. All possession limits remain the same: 20,000 lb (whole weight) with an active Skate Bait Letter of Authorization and using a Day-At-Sea; 500 lb (whole weight) when fishing on a NE Multispecies B Day-At Sea; and 1,135 lb (whole weight) when not fishing on a Day-At-Sea. Once 90% of the skate bait quota is harvested the Regional Administrator may close the directed fishery by reducing the skate bait possession limit to 4,100 lb when fishing with an active Skate Bait Letter of Authorization.
