\*Framework 21 TAC effective on June 28, 2010

These data are the best available to NOAA's National Marine Fisheries Service (NMFS) when this report was compiled. Data for this report are supplied to NMFS from the following sources: (1) vessels via the Vessel Monitoring System, (2) dealers via Dealer Electronic Reporting, and (3) the Northeast Fisheries Observer Program. Data may be preliminary. Discrepancies with previous reports are due to corrections made to the database.

Scallop Observer Program Set-Asides, Elephant Trunk Access Area, Total Allowable Catch, FY2010
